MY STORY OF WEAVING DREAMS INTO REALITY – SONAM KAUSHIK

My name is Sonam Kaushik and my journey with the Gurukul family began as a curious observer in the audience at their annual function, where I first felt the magic of their vibrant community. Little did I know that the seeds planted that day would soon grow, as I transitioned from the audience to becoming a student, immersing myself in the values and learning Gurukul offered. The story came full circle when I had the honor of becoming a part of the Gurukul family itself, a place where I once only watched, but now contribute and belong.

On May 1, 2017, I enrolled in the Cutting & Sewing course at Gurukul. What began as a hobby soon turned into a passion, especially after I won the Miss Graceful award in December 2017 during the annual function.

Coming from a single-parent household, I initially joined the course to explore something new, but as my stitching skills improved, so did my interest in this field. Winning the award was a proud and empowering moment for both me and my family, further boosting my confidence. At that time, I was pursuing my graduation and how to start the career was a big question for me as I had to overcome financial challenges too. However, with the unwavering support of Rupa Ma'am, I gained valuable knowledge, experience and confidence. Her guidance played a pivotal role in shaping my career.

On March 20, 2018, I officially began my career as a Cutting & Sewing course faculty at Gurukul. Determined to grow further, I pursued Advanced Training in Fashion Designing from Khajani Welfare Society in Mathura, under the mentorship of Shipra Ma'am. I am deeply grateful to her for guiding me and helping me enhance my skills. After completing the training, I started working as a fashion designing faculty at Krishnashray Gurukul. Recognizing the importance of diversifying my skills, I enrolled in ICA course, which helped me develop essential IT skills.

Since 2022, I have been working as a Telecaller cum Counselor while also completing my Bachelor of Education from Amarnath Degree College in Mathura. One of the most rewarding experiences of my journey has been the opportunity to share my knowledge and experience with others. This would not have been possible without the immense support of my teachers, whose encouragement and belief in me, helped me to reach where I am today.

Reflecting on my journey, I hadn't initially thought much about where life would take me. However, if it weren't the guidance of Miss Rupa Ma'am and her connection with the Gurukul family, I wouldn't be here. Her mentorship has been instrumental in helping me discover my true potential and achieve success. With heartfelt gratitude, I thank Sanjay Sir, Manoj Sir, and Vishnu Sir, whose constant support and belief in me have been invaluable. I will forever stand by Gurukul, committed to helping it reach greater heights.

Regards,
Sonam Kaushik
