TRIUMPHANT JOURNEY

”

My name is Takshi Sharma and I belong to Faridabad. I am a B. Com graduate. I started doing job as my family was not financially very stable. But, I was not at all satisfied with my career. I was unaware of my fate that soon my father will leave us and I will have to take up all the responsibility of my family. To have better source of income, I had to upskill myself. And, upon searching for many jobs I knew that I had to learn Tally and Accounts. I got to know about Accounts Executive course from one of my friends and I opted it without any delay. After successfully completing my course, I got chance to give interview and I cracked that in my first attempt. I'm glad that I got placed at **Rapid Finance with 20000/- per month** salary at Faridabad location and my mother is really proud of my success. Everyone in my neighbourhood appreciates me by saying that, being so young you have managed really well. Also, I am really proud to announce that I was facilitated with the Best Performer award for month of January, 2024 at my office. And, all this was possible because of **Krishnashray Gurukul** as well as **AU ignite Flagship** program.

”

My name is Laxmi, and I got married soon after finishing my studies. It was my dream to work in the beauty and cosmetics industry and start my own business. However, the high fees for such courses seemed like a barrier to my dreams. Despite this, my brother discovered Krishnashray Gurukul and its courses. He immediately reassured me, saying, "**Your dream will come true.**" Initially, I didn't understand his words, but now I believe in them. Living with my in-laws in Janoothar, Rajasthan, made it challenging to visit for inquiries, registration, and other formalities repeatedly. Fortunately, the option for online enrollment eliminated the need for physical visits. This convenience made the process accessible, and I felt relieved that things were going my way. I knew balancing my responsibilities as a mother would be challenging. Determined not to give up, I traveled to Goverdhan to pursue my dreams. Through this journey, I've learned and grown both professionally and personally. My story serves as an inspiration to dreamers, and I'm proud to share that with the support of my family and **Krishnashray Gurukul**, I opened my saloon. Everyone around me feels proud that despite being married, I took a step towards independence. I'll always be grateful to the faculty members for their support.
